

REMARKS

The Examiner initialed all of the references on the Form 1449 except for the reference in the section under "Other Documents." The Examiner also did not cross that document out. Thus, it is believed that the Examiner overlooked initialing this document. Applicants originally requested that the Examiner consider and initial all of the references on the Form 1449 by the submission made on May 12, 2003. Applicants again requested this consideration in an Amendment Under Rule 312 submitted June 3, 2003. Applicants received the latest communication from the Patent Office in its Paper mailed August 29, 2003, which showed each of the references initialed except for the reference in the "Other Documents" section.

Applicants have enclosed a courtesy copy of the Form 1449 as initialed by the Examiner and sent to Applicants on August 29, 2003.

If the Examiner believes a telephone conference would advance the prosecution of this application, the Examiner is invited to telephone the undersigned at the below listed telephone number.
